A team of talented specialists, willing to improve, learn and develop, is responsible for the unique gaming solutions the software supplier manages to deliver every time. More than 700 employees from different countries worldwide go the extra mile for the company’s casino customers in order to meet their expectations and even surpass them. This is one of the reasons why NetEnt has been growing rapidly and achieving its goals on a regular basis. It is undoubtedly one of the biggest competitors on the current market when it comes to gambling software suppliers.

Brief History

NetEnt was established in 1996 and, six years later, it launched its first casino. In 2011, its first mobile game was developed and in 2013, NetEnt Live Casino was set up. In 2024, NetEnt celebrated its 20th anniversary and, nowadays, the company continues to be one of the leaders in the iGaming industry.

The NetEnt Live Casino Studio is based in Malta where the company utilises the latest streaming technology to ensure top-notch Live Casino services. The tables allow customisation, which is done with the help of green screens and the Chroma Key technology.

The fact that it’s been in the gambling industry for more than 20 years is indicative of the high-quality services and products the company provides. Thanks to its valuable experience, dedication

and professionalism, nowadays it is among the leading software suppliers as it is used by a number of reputable online casinos. Its self-driven desire to improve has greatly contributed to its many innovations and ideas which have made a big impact on the way live games are played. Roulette is, at heart, a simple game. So trust French casino-dwellers to develop some rather more intricate ways in which to play. If you're given the chance to play a French-style roulette table, then you should, as this will probably give you access to the punter-friendly En Prison/La Partage rules. Combine these with a single zero layout (unlike double-zero American-style tables), and the house edge falls to around 1.4%. However, if you are taking a spin on a true French table, you'll find much that's, erm, foreign. And most of this will be due to the existence of bet types like Voisins du Zero, Tiers du Cylindre, and Orphelins.

Whereas most roulette tables (in land casinos) assign coloured chips to the players, so that winning bets can be easily identified, the chips on French tables differ only in the numerical amounts they have printed on them. With nothing to distinguish one player from another, it becomes important not to have too many chips on the board at the same time. The need for space partly inspired the invention of an additional grid, called the 'Racetrack'. This oval-shaped section sits to the side of the main play area. It features all of the same numbers - 0 to 36 - but within a different layout. Its point is to act as an extension to the main grid, and to encourage some of the players to switch to exotic 'French Bets'. These French bets were traditionally referred to as 'Call Bets' or 'Announced Bets', as they were too specialist to be featured on the main tables, and players had to call out when they wanted to play them.

So what exactly are these bets, and what do they consist of?

The Ins and Outs of Call Bets

If you look at the main wheel for roulette, you'll see that it can be broken down into two large slices, along with a couple of smaller segments sitting between them in the middle. Each of these sections contains a set of numbers that make up one of the following bets:

## **Mauricio Pochettino enfrenta desafíos en la gestión de jugadores jóvenes en el Chelsea**

Mauricio Pochettino, entrenador del Chelsea, ha expresado que la cantidad de jóvenes en el equipo ha dificultado la orientación de sus jugadores. Pochettino desea construir la mentalidad de su equipo inconsistente y habló sobre el desafío de guiar a un vestuario lleno de jóvenes jugadores antes del partido contra el Tottenham el jueves. Explicó que ayudar a los jóvenes a aprender de sus errores es más difícil cuando el vestuario carece de figuras experimentadas.

"Lo más importante que vamos a tener es todas las conversaciones con los jóvenes jugadores", dijo Pochettino. "No podemos juzgarlos por sus errores. Necesitas proporcionarles herramientas buenas. Pueden equivocarse, pero no puedes juzgarlos como un producto final. No puedes decir que es un jugador experimentado, de 30 años, que realmente sabe lo que está haciendo. No se trata de juzgar de la misma manera que a los jugadores que tienen madurez y son productos terminados."

Pochettino cree que los jóvenes necesitan cometer errores y que la tarea de un cuerpo técnico es brindar las herramientas y el conocimiento para que aprendan de esas experiencias. El entrenador argentino reconoce que el liderazgo de Thiago Silva será una baja importante para el equipo después de su salida al final de la temporada. No obstante, Pochettino considera que está desarrollando a sus jugadores de la manera correcta.

## **Desarrollo de jugadores y lesiones**

Actualmente, el Chelsea se encuentra en la novena posición y su clasificación a Europa dependerá en gran medida de los resultados en partidos cruciales como el del jueves contra el Tottenham. Una complicación adicional es la creciente lista de lesionados, sin embargo, Pochettino restó importancia a la especulación sobre si los métodos de entrenamiento de su cuerpo técnico están relacionados con las lesiones.

**Jugador Lesión**

Axel Disasi Lesión desconocida

Thiago Silva No especificado

"Conocemos este negocio", dijo Pochettino. "Mucha gente habla y trata de culpar a alguien y crear un ambiente negativo. Después de 15 años, tenemos el conocimiento y la experiencia para enfrentarlo. Somos un grupo trabajando con el área de rendimiento y el personal médico – decidimos juntos. No hemos llegado de Marte para administrar futbolistas. Es irrespetuoso y de personas aburridas en casa usando las redes sociales."
