VOLUME 32, NUMBER 07

JULY, 2006

ANNUAL MEETING

This year’s annual meeting will be held at noon on Sunday, July 2 **AT LEAKIN PARK** just like last year. The now-broken-in gas grill should do a good job of cooking the burgers and dogs supplied by the club. As usual with Society get-togethers, everyone is encouraged to bring a dish to share. Trains will be running and Saturday will probably see some trains running, too, weather permitting. **This is an election year**, so all full members need to try to turn out to vote for the seven members of the Board. The nominees are: Jim Carpenter, Craig Close, Bill Kinzer, Lou Koehler, Larry Law, Mike Schroeder, Bob Schwoerer, Steve Zuiderveen

DUES ARE DUE

Your Society dues are to be paid by July 1. The dues notice and a return envelope addressed to Treasurer Jim Carpenter are stapled inside this issue of *The Steam Whistle*. Why not take a minute now before you forget and put your payment in the envelope and mail it off - let the Treasurer enjoy the picnic...

JUNE PUBLIC RUN

It was a bright, warm day and a good crowd turned out early. One lady said she had come down just to ride 614 as though that ride were available every month. What a lucky day for her! Mike Schroeder, with Bruce Hamilton’s kind permission and the help of a couple others, spent many hours during the week getting her ready to run and hauling her out to the park on Sunday. And run she did. Bruce was out to the park for a while and certainly should have been proud to see 614 run so well. The exhaust was strong and clear all day without a noticeable hiccup.

The CSX diesel ran all day with help from the Western Maryland diesel and the club electrics. All the cars were in use and kept full for most of the day, but once all four trains were running, the line was kept rather short. The longest waiting times were when our customers waited for specific trains – some even waited to ride behind a diesel!

TRACK WORK

It looks as though we're now into the station, but looks are a tiny bit deceiving. Tiny like the tiny gap out by Windsor Mill Road. What to do – what to do? Yet two more switches have been installed in the station area, making the crossing over to the yard lead. It is almost possible to make the short loop through the yard.
